

The Tin Spin

“The truth is—you can hang anything with GRIPPLE”

A sage sheet metal man uttered these words. Yes, it is true. Round duct, Square duct, Vibration isolation hangers, VAV boxes, Fan powered boxes, Fan coil units, Heat pumps, Fans, Infrared heaters, compressed air lines, cable racks, pipe, signs, lights, seismic restraints, etc.

And the reason to do it is GRIPPLEs are easy. They are quick and will save time (money) compared to conventional hanging methods

NCA Fire Dampers—Sleeves & Angles

NCA will manufacture and ship fire dampers in ONE day. IF you are thinking about saving money in the shop and the field you may want to buy your fire dampers with the NCA integral sleeve and the folding piece angle kit. The angles kits (one or two per fire damper) may be sent with the fire dampers or separately. NCA also manufactures Dynamic fire dampers in sizes up to 36 x 36 for either horizontal or vertical mounting.

Call us for pricing on any of these products

LINDAB Drum Louvers

Lindab announces the availability of Drum Louvers that may be mounted directly to the side of round duct

NO COLLAR REQUIRED

Uncle! Uncle! Uncle!!

Lindab is about to introduce register collars for round duct. We will also be offering coated duct work (PCD). The coated duct will be the Spiro Vent. The same great tolerances and rolled edge fittings but without the gasket. Call us for pricing on both of these items.
