

This is Green Air

Presented by NASPR

165 Wood Road
Braintree, MA 02184
Ph: 781-535-6800
Fax: 781-535-6836
E-mail: bluchner@nas-hvac.com

3 Lopez Road
Wilmington, MA 01887
Ph: 978-988-2000
Fx: 978-988-2200

10A Morse Drive
Essex Junction, VT 05452
Ph: 802-879-0442

Below is the outline for the topics to be covered in our first technical seminar

Registers, grilles
Supply
Single/double deflection
Nozzles
Drum louvers
Return
Eggrate
Perforated
Fixed blade
Stamped
Diffusers
Perforated
Louvered
Vaned
Plaque
Round
Swirl
Linear diffusers
Bar grilles
Slot diffusers
Architectural slots
Plenum diffusers
Environmental Diffusers
Laminar flow
Radial Flow
Raised floor diffusers
Manual
VAV
Displacement diffusers
Varying geometry diffusers
Additional topics
Noise – NC/RC
Throw/drop
Overhead heating with warm air

ASHRAE Show 2006

What did we see?

Ruskin—Air Curtains, Flow measuring stations (FMS), FMSs in a sleeve with dampers to control air quantities, FMSs on the backs of Louvers to measure incoming air. Fire dampers (UL classified to mate with any flange system for breakaway joints). Ruskin.com

CFM—Iris dampers with full shutoff capability continentalfan.com

Bentax—Ions for clean Air bentaxusa.com

UVDI—There was enough exposure from UV lights to last until summer but the fact that there were 100 booths with UV lights might mean something uvdi.com

Flanders—Low pressure drop HEPA housing flanderscorp.com

TROX—Multi-service chilled beams, classroom induction units trox-technik.com

Flamebar—Fire rated duct fireprotection.co.uk

Wireless controls

Tankless water heaters

The date for the technical seminar will be Thursday March 16th
The place: 165 Wood Road, Braintree
The time: 3PM to 5 PM
Please contact us if you or others in your office would like to attend
